

COST-SHARE BEST MANAGEMENT PRACTICES

Problems	Best Management Practices	Percent Cost-Share	Maximum Amount Cost-Share Cap
Erosion, Nutrients	Conservation Cover	75%	Up to \$5000
Erosion, Nutrients	Cover Crop	75%	Up to \$5000 not to exceed \$45 per acre
Erosion	Critical Area Planting	75%	Up to \$5000
Livestock	Fence	75%	Up to \$5000
Erosion, Nutrients	Field Boarder	75%	Up to \$5000
Erosion, Nutrients	Filter Strip	75%	Up to \$5000
Erosion, Nutrients	Forage and Biomass Planting	75%	Up to \$5000 not to exceed \$162/acre
Erosion, Nutrients	Grassed Waterways or Outlet	75%	Up to \$5000
Livestock	Heavy Use Area Protection	75%	Up to \$5000
Erosion	Lined Waterway or Outlet	75%	Up to \$5000
Erosion	Mulching	75%	Up to \$5000
Nutrients	Nutrient Management Plan	75%	Up to \$5000
Livestock	Pipeline	75%	Up to \$5000
Livestock	Prescribed Grazing	75%	Up to \$5000
Erosion, Atrazine, Nutrients	Riparian Forest Buffer	75%	Up to \$10,000 not to exceed \$767/acre
Livestock	Spring Development	75%	Up to \$5000
Erosion, Nutrients	Tree Shrub Establishment	75%	Up to \$5000
Livestock	Watering Facility	75%	Up to \$5000

Earth Day—little one has interest in the macroinvertebrates on display

Zach presents on the priority watersheds in the west fork
