

Conservation Days 2023

November 14th and 15th

Homeschool students are invited!

A free educational program for Wayne County students who are currently in 3rd or 4th grade to learn about agriculture, natural resources, safety and more!

Pre-registration is necessary and should be done by September 22 to ensure a spot on the schedule. Students and teachers will attend on one of the days listed.

Please Contact LuAnne Holeva-Conservation Education Coordinator at the Wayne County Soil and Water Conservation District office:
